With fulfillment warehouses strategically located across the country, we ensure fast and efficient delivery, minimizing downtime and keeping your business running smoothly. No matter where you are, you can count on Handle It for reliable service and quick access to the impact protection solutions you need.

## GUARD RAIL

Handle-It® Safety Guard Rail is manufactured from 13 gauge high quality ASTM A1011 steel, making it a heavy-duty solution for guarding from fork truck impacts.

*Double Rail System*

*Single Rail System*

### Features & Benefits

- Tested to withstand impacts of 10,000lbs at 4 mph
- Posts have pre-tapped holes on all four sides. This enables 90° turns without additional hardware or special posts
- All steel construction enhances durability
- Columns are 4.75" x 4.75" square steel tube on 10" x 10" base plate. Center, offset, or corner footplates available
- 43" tall double rail, or 18" tall single rail, posts
- Steel caps, floor anchors, and connecting bolts included
- Painted Handle-It® yellow for high visibility
- Standard product stocked, custom lengths available

## STANDARD RACK PROTECTORS

Handle-It® Rack Protectors protect uprights from powered and non-powered material handling equipment impacts. They are an inexpensive, effective tool to help avoid dangerous and costly racking damage. Rack protectors will extend the life of your racking system, as well as increase safety for your workers.

### Features & Benefits

- Available in Heavy and Medium-Duty thicknesses to best suit your needs and budget
- Work with both standard and seismic baseplates
- Steel floor angles attach securely to floor with 4 or 5 wedge anchors, depending on length (sold separately)
- Powder coated Handle-It® yellow for high visibility
- Custom sizes available upon request

Model No.	Description	Weight (lbs.)
<b>Medium Duty Rack Protectors (1/4" Thickness)</b>

## STANDARD POST PROTECTORS

Handle-It Post Protectors are designed to safeguard racking systems from impacts, preventing costly damage and enhancing warehouse safety. Available in various sizes and styles, including anchored, bolted, and clip-on options. These durable steel protectors provide reliable defense for pallet rack uprights. With a bright yellow powder coated finish for high visibility, they are an essential addition to any facility looking to improve longevity and security in high-traffic areas.

### Features & Benefits

- Handle-It® Post Protectors prevent damage to rack uprights, shelving, partitions, and other warehouse structures
- Heavy-duty steel construction offers a cost-effective way to protect equipment and personnel from forklift collisions
- Wraps around the 3" column face, providing a secure fit while shielding uprights from impact
- Made from 1/5" thick steel and mounts easily with four 1/2" wedge anchors (optional purchase)
- Stocked in 12", 18", and 24" heights; custom sizes available upon request
- Powder coated Handle-It® yellow for high visibility

# SPECIALTY POST PROTECTORS

## Corner Column Post Protectors

- Made of ½" thick steel material
- Stocked in heights of 12", 18", 24" & 42"
- Custom heights available upon request

Model No.	Description	Weight
CCP12	12" High Corner Column Protector	10
CCP18	18" High Corner Column Protector	14
CCP24	24" High Corner Column Protector	17
CCP42	42" High Corner Column Protector	28
<b>Wedge Anchors</b>		
WA1-2x3.75	Wedge Anchors: ½" x 3¾"	.5

*\*each guard has 3 anchor holes*

## Universal Rack Post Protectors

- Universal design saves floor space by installing over baseplates
- Protects the most vulnerable part of the rack leg
- 2-Anchor design facilitates fast installation
- Stocked in 12" height

Model No.	Description	Weight
P12-3R	12" High, Universal; 3.25 ID	9
P12-4R	12" High, Universal; 4.25 ID	10
<b>Wedge Anchors</b>		
WA1-2x3.75	Wedge Anchors: ½" x 3¾"	.5

*\*each guard has 2 anchor holes*

## Bolt-On Post Protectors

- V-Shaped to deflect impacts
- Can be installed at any height
- Made of 4mm thick steel
- Available in 12" and 24" heights

Model No.	Description	Weight
BP-12	12" High Bolt-On Protector	8
BP-24	24" High Bolt-On Protector	16

*\*carriage bolts included*

## SPECIALTY POST PROTECTORS

### V-Nose Post Protectors

- Fits seismic baseplates
- Stocked in 3.25" and 4.25" widths
- 3.5" height

Model No.	Description	Weight
SP3-HD	3/8" thick, 3" wide protector	8
SP4-HD	3/8" thick, 4" wide protector	10
<b>Wedge Anchors</b>		
WA1-2x3.75	Wedge Anchors: 1/2" x 3 3/4"	.5

\*each guard has 1 anchor hole

### Shallow Profile Post Protectors

- Protects the most vulnerable part of the rack leg
- 2-Anchor design enables quick installation
- Made of 5mm thick steel
- Available in 12" and 18" heights

Model No.	Description	Weight
P12-SP	12" High Shallow Protector	3
P18-SP	18" High Shallow Protector	5
<b>Wedge Anchors</b>		
WA1-2x3.75	Wedge Anchors: 1/2" x 3 3/4"	.5

\*each guard has 2 anchor holes

### Plastic Snap-On Rack Guard

- Quick, easy snap-on design; no tools required
- Stackable to achieve desired height
- Fits 3x3 racking
- Carriage bolt for securing to rack included
- Safety yellow HDPE for high visibility

Model No.	Description	Weight
PEP-9	9" Tall Guard with Bolt	3

# SAFETY SOLUTIONS

## Bollards

- 8g steel pipe in 4.5" or 6" diameter at a standard height of 42"
- Standard cap included
- 10"x10" baseplate for surface mounting

Model No.	Description	Weight
BO-4-42-MD	42" High 4.5" Diameter Bollard	30
BO-6-42-MD	42" High 6" Diameter Bollard	40
<b>Wedge Anchors</b>		
WA3-4x4.25	Wedge Anchors: ¾" x 4 ¼"	1

*\*each bollard has 4 anchor holes*

## Track Guards

- Handle-It® Track Guards protect overhead door tracking.
- Prevent damage and costly repairs caused by material handling equipment.
- Slanted design eliminates pinch point for worker safety.

Model No.	Description	Weight
TG-48LH	48" High Left Track Guard	51
TG-48RH	48" High Right Track Guard	51
<b>Wedge Anchors</b>		
WA3-4x4.25	Wedge Anchors: ¾" x 4 ¼"	1

*\*each guard has 3 anchor holes on base*

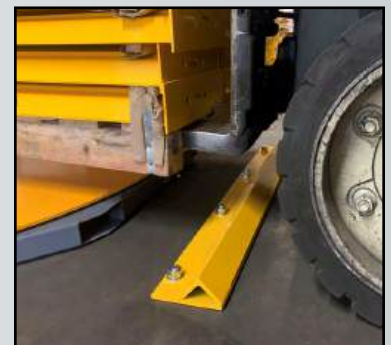

## Forklift Wheel Stop

- Constructed of heavy-duty steel
- Four ¾" wedge anchors (sold separately) create a secure hold
- 2" height, 6" width & 42" length to stop most forklifts

Model No.	Description	Weight (lbs)
RP-42WS-HD	42" Wide-2" High Wheel Stop	50
<b>Wedge Anchors</b>		
WA3-4x4.25	Wedge Anchors: ¾" x 4 ¼"	1

*\*each guard has 4 anchor holes*

## SAFETY SOLUTIONS

### Floor Mounted Barriers

- Constructed of sturdy 11g steel
- 12" tall x 6" deep barriers
- Side gussets on all units and support gussets on lengths 4' to 10'

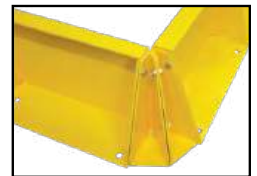

Model No.	Description	Overall Length	No. of Gussets	Weight (lbs.)
CG-3	3' Long Barrier	36"	2	27

## CUSTOM SOLUTIONS

Many of Handle-It's steel impact protection products can be fully customized to meet your specific needs. Whether you require a particular size to fit your facility layout, a custom color to match your branding, or a unique design to accommodate specialized equipment, we have the expertise to deliver tailored solutions. Our team works closely with you to ensure that our protective barriers, bollards, and guard rails provide the perfect combination of durability and functionality for your space.

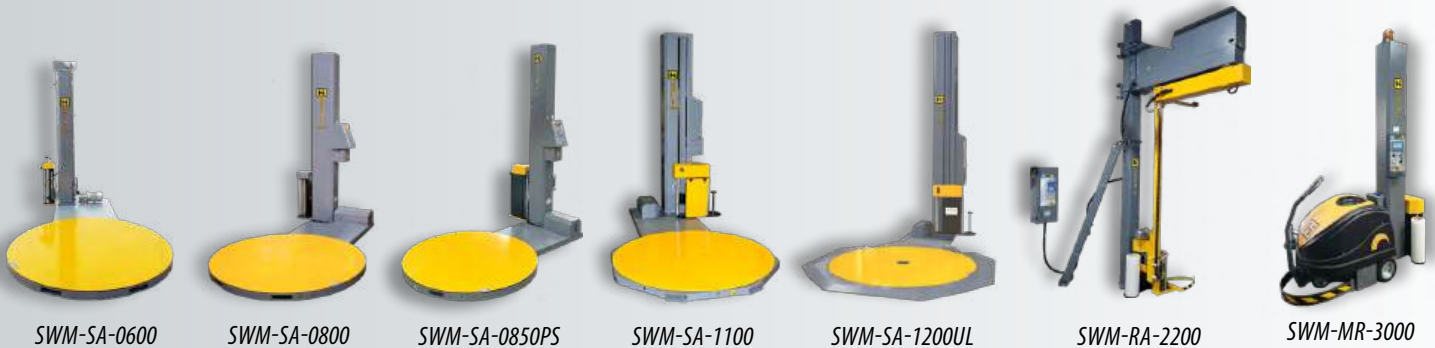

From small modifications to completely custom builds, Handle-It is committed to providing impact protection solutions that align with your operational requirements. Our in-house engineers work directly with you to design and develop products that meet your exact specifications, ensuring optimal performance and safety. With our expertise, we can create solutions that enhance both protection and aesthetics, keeping your workplace secure while maintaining a professional appearance. Contact us today to discuss how we can bring your vision to life.

## OUR OTHER OFFERINGS

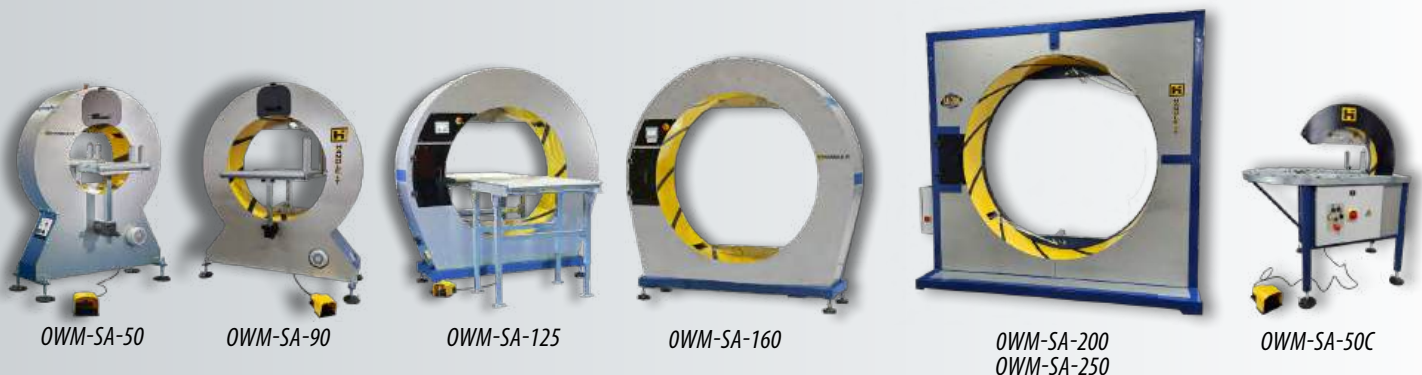

### Pallet Wrapping Machines

Handle-It® offers a full line of semi-automatic & fully automatic stretch wrap machines. Focusing on quality pallet wrappers at an excellent value in the marketplace.

### Orbital Wrap Machines

Handle-It's Orbital Stretch Wrappers are available in semi-automatic and fully automatic versions. Horizontal wrappers are ideal for bundling, protecting and wrapping long, awkward loads.

Handle It, has been dedicated to providing the market with competitively priced, high-quality products since 1976. Handle It continues to expand on the current line of products, as well as develop custom engineered solutions to meet customer's specific applications. Handle It is represented by a network of dealers both nationally and internationally.

## **Our Brand Promise**

"Handle It with Confidence: Delivering quality packaging equipment and warehouse guarding solutions. We promise exceptional support, ensuring your efficient operations."

## **Why Choose Handle-It?**

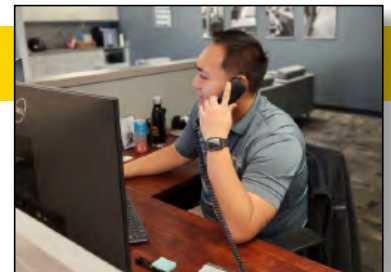

Handle-It, Inc. provides high-quality impact protection solutions designed to enhance both safety and efficiency in your facility. Our durable, high-strength steel barriers, bollards, and guardrails are built to withstand heavy impacts, safeguarding personnel, equipment, and infrastructure. With versatile applications, our solutions can be strategically placed to improve workflow, reduce downtime, and optimize production processes.

What sets Handle-It apart is our ability to provide fully customizable solutions tailored to your specific needs. Our in-house engineers work closely with you to design products that fit your facility's layout, color preferences, and unique operational requirements. Backed by expert support, cost-effective protection, and long-lasting durability, Handle-It, Inc. is your trusted partner for impact protection solutions that prioritize safety and efficiency.

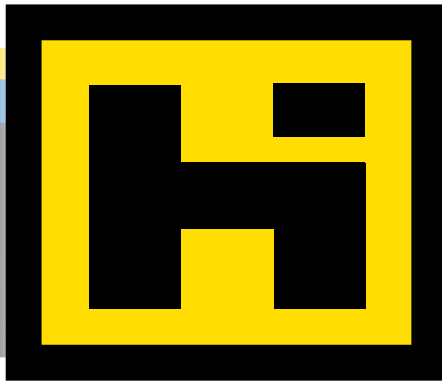

## **Support & Service**

Handle It, Inc. stands behind the equipment we sell and supply. To ensure your install goes well, our sales team can create BOMs based on your layout and also make recommendations for your application. We stock impact protection materials at warehouses in Wisconsin, Florida, Texas, and California to ensure you are able to get the protection you need, quickly.

*Our sales team is available during business hours to talk through any issues or questions.*
